

DIVERSITY CHECKLIST IN THE AREA OF ANIMATION

This diversity checklist must be attached from stage 2 Development and for production of film and series projects.

Movies and series we co-produce or fund must encourage diversity and equal opportunities in front of and behind the camera and reflect the world and society in an authentic way in all their diversity.

With this checklist, we intend to sensitise our applicants to diversity and offer a visualisation **tool** for the production, the commission and the editorial team. The aim here is **not** to tick as many "yes" boxes as possible, but to encourage applicants to have an honest and open approach to the topic. When assessing the projects submitted, diversity is one criterion amongst many.
